Hybrid Workplace: The Facts

Hybrid work is here to stay

52%*
of employees consider switching to remote or hybrid work in the year ahead

But it has its challenges

43%*
of global remote workers say they do not feel included in meetings

27%*
of companies have a hybrid meeting etiquette to ensure everyone feels included and engaged

Good audio matters

56%*
believe good audio will prevent moments of stress at work

* EPOS – Future of work report 2023
- In partnership with the Foresight Factory

** Insights report: "Understanding Sound Experiences 2021"

63%**
of employees regularly experience issues due to poor sound quality on calls

56%**
of employees believe good audio will prevent moments of stress at work

40%**
increase in time spent attending virtual meetings

Audio Designed for Your Brain with Solution

At EPOS, we understand that we hear with our ears, but listen with our brain. Designed to enable seamless collaboration, EPOS Meeting Room Solutions built on EPOS BrainAdapt™ technology provide the best conditions for your brain for improved focus and better concentration in hybrid meetings.

Improved Focus   Better Concentration   Increased Productivity

With unique algorithms and sophisticated acoustics, EPOS Meeting Room Solutions help reduce cognitive load on the brain, the key to increased meeting productivity for you and the people you collaborate with.

EPOS BrainAdapt™ in Meeting Room Solutions

Intelligent picture framing enables smooth camera motion that localizes meeting room participants helping maintain engagement

Echo cancelling algorithms that ensure optimal speech intelligibility for optimal concentration
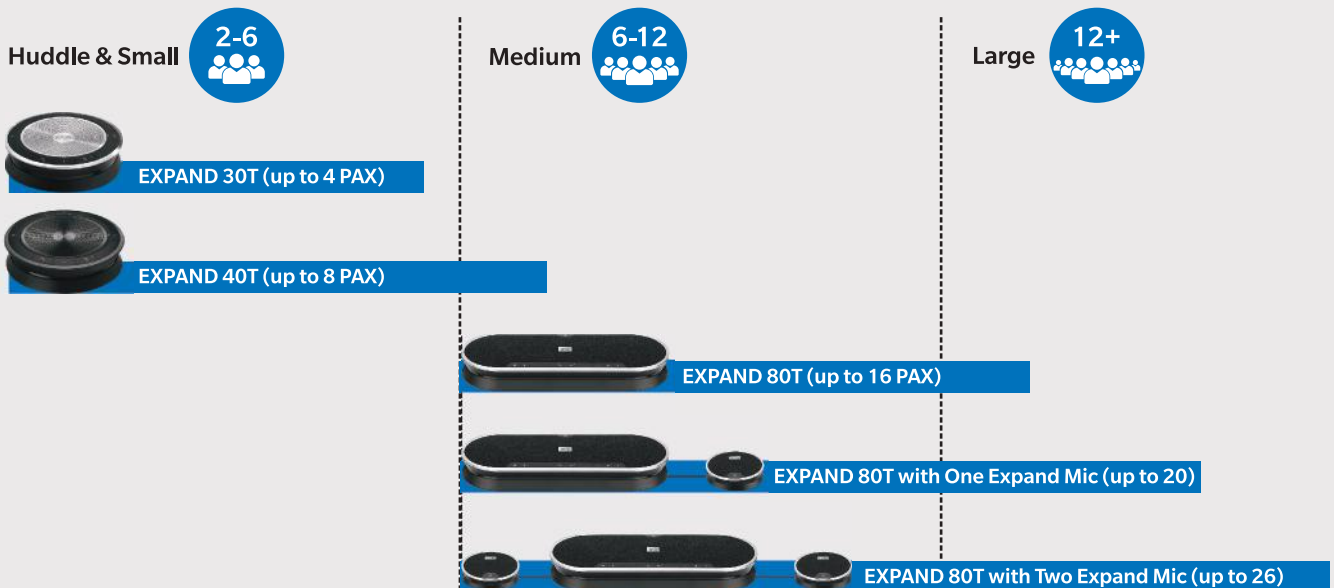

Remote worker

Meeting room

Superior double talk technology allows for uninterrupted discussions that don't overload the brain

Beamforming microphones isolate voices from room reverb and ambient noise, creating a better listening environment

Optimized acoustic design that facilitates cognitive sound processing

EXPAND 80 Mic

Speakerphone solution for medium-sized meeting rooms

Boost the range of your EXPAND 80T speakerphone with expansion microphones that enable superb call clarity optimized for UC and certified for Microsoft Teams. Attach one or two microphones to fit the size of your meeting room and optimize your collaborations. Ensure effective communication where all participants are close to noise-cancelling microphones that deliver excellent voice clarity. Maintain a professional, stylish conference table with smart cable management developed for optimal system function and ease of use. Crafted from the same high-quality materials as EXPAND 80T, EXPAND 80 Mic creates a unified look and feel to your meeting room and elevates the interior design. Extend the range and possibilities of your EXPAND 80T conference solution and empower the performance of your entire team.

Certifications

Certified for **Microsoft Teams**

webex by CISCO

Benefits & Features

Larger meetings UC optimized and Microsoft Teams certified
For larger meetings attach up to two expansion microphones for a UC optimized and Microsoft Teams certified experience

Ensure everyone is heard clearly
Each EXPAND 80 Mic contains four beamforming microphones, so every in-room participant is always close to a microphone

Smart cable management for professional, stylish meetings
Customize cable length to your meeting room with smart cable management for an optimal system setup

Plug and play conferencing
Simply plug into the EXPAND 80T and start your meeting. Once connected the entire set-up acts as one system

Statement Scandinavian design
With sleek, minimalist aesthetic and high-quality materials that match EXPAND 80
